Maaz Kareem

Passport: CG4959141 | **Date of birth:** 03/03/2002 | **Place of birth:** Buner, Pakistan |

Nationality: Pakistani | **Phone number:** (+92) 3178326996 (Mobile) | **Email address:** maaz.kareem.ai@gmail.com | **LinkedIn:** maazkareem-ai | **GitHub:** maazkareem-ai |

Address: Village Cheena, P/O Sawari, Tehsil Gagra, 19290, Buner, Pakistan (Home)

ABOUT ME

Gold Medalist Computer Science graduate specializing in **Artificial Intelligence**, **Machine Learning**, and **NLP**. Conducted research thesis on **multi-class sentiment analysis for mental health monitoring** using social media textual datasets (Reddit & Twitter), implementing NLP and Machine learning models. Skilled in Python, model evaluation, and performance optimization. Certified in Machine Learning and Deep Learning by **Stanford University** and the **University of Michigan**.

EDUCATION AND TRAINING

20/10/2021 – 05/12/2025 Pakistan
BACHELOR OF SCIENCE IN COMPUTER SCIENCE (BSCS) University of Buner

Core Computer Science: Programming, Data Structures & Algorithms, Databases, Operating Systems, Networks, Software Engineering, Web Technologies, Compiler Construction, Distributed Computing, Information Security.
AI & Data Science: Artificial Intelligence, ML, Deep Learning, Numerical Computing, Automata Theory

Website https://www.ubuner.edu.pk/ | **Field of study** BS Computer Science | **Final grade** CGPA 3.76/4 | **Level in EQF** EQF level 6 |

Thesis Sentiment Analysis for Mental Health Monitoring using Machine Learning

11/06/2018 – 28/07/2020
INTERMEDIATE IN PRE-MEDICAL (FSC) Government Degree College, Daggar – Buner

Biology, Chemistry, Physics and English

Field of study Natural sciences | **Final grade** 86.90% - A1 | **Level in EQF** EQF level 4

01/04/2016 – 28/06/2018
SECONDARY SCHOOL CERTIFICATE (MATRIC) Ghazali School & College, Sowari – Buner

Mathematics, Physics, Chemistry, Biology and English

Field of study Interdisciplinary science | **Final grade** 86.36% - A1 | **Level in EQF** EQF level 3

PROJECTS

01/03/2025 – 20/11/2025
Academic Research Project – Sentiment Analysis for Mental Health

- Developed ML framework to detect mental health conditions from social media, achieving **94.14% F1-Score for Binary class** and **77.65% F1-Score for multi-class** classification.
- Designed and compared ML models **(**Logistic Regression, SVM, Random Forest, LightGBM**)** and implemented NLP pipeline (lemmatization, TF-IDF) to preprocess **52,681 posts**.
- Conducted **cross-domain** test on two new datasets to know it generalization on new unseen data for real-world deployment.
- **Code** - https://github.com/maazkareem-ai/Sentiment-Analysis-for-Mental-Health-Monitoring-using-ML

WORK EXPERIENCE

LEAD AI & BACKEND ENGINEER INTERN – RS INTERNATIONAL – 13/01/2026 – Current – LAHORE, PAKISTAN

- Designed and implemented **MySQL database** schemas and **RESTful APIs** using **Node.js/Express** with authentication.
- Integrated **React frontend** components with **backend services**, ensuring efficient data flow and state management
- Established **Git version** control workflows and technical documentation adopted by the development team
- Designing NLP pipelines using **Transformer models (BERT)** for future integration with existing backend architecture
- Technologies: FastAPI - Docker - BERT - Node.js - Express - PostgreSQL - React - Git
- Organization Website : https://rsinternational.net/

TEACHING ASSISTANT (PYTHON & ML LABS) – UNIVERSITY OF BUNER – 12/03/2022 – 15/06/2025 – BUNER, PAKISTAN

- Assisted professors in **Python** and **ML labs**, helping students **debug code** and complete coursework.
- Mentored junior students on **end-to-end ML/NLP projects**, including data preprocessing, model design, and evaluation.
- Guided students in **Git workflows**, collaborative coding practices, and **research documentation**.

PUBLICATIONS

Manuscript in Preparation

Maaz Kareem, Dr. Hameed Hussain. Domain Adaptation and Generalization in Mental Health Sentiment Analysis: A Twitter-to-Reddit Case Study (2026)

SKILLS

TECHNICAL SKILLS

AI & Machine Learning:
- Frameworks: PyTorch | TensorFlow | Keras | Scikit-learn
- Specialization: NLP | Transformers (BERT) | Deep Learning | Neural Networks
- Data Science: Pandas | NumPy | Matplotlib | Seaborn | Feature Engineering

Programming & Development:
- Languages: Python | C++ | JavaScript | HTML/CSS
- Frontend & Backend: React | JSX | UI Integration | Node.js | Express | FastAPI | MySQL | Docker
- Tools & Platforms: Git | GitHub | Jupyter | Google Colab

ACHIEVEMENTS AND AWARDS

Awarded a laptop under the Prime Minister Youth Laptop Scheme 2023 on a merit-based selection for academic excellence.

Gold Medalist (First Position) – BS Computer Science, University of Buner (2025)

CERTIFICATIONS AND PROFESSIONAL TRAINING

Certifications

- **Programming for Everybody (Python)** – University of Michigan (Coursera) – (2024) – Online - *Verify*
- **Machine Learning** – Stanford University (Coursera) – (2025) – Online - *Verify*
- **Deep Learning Specialization** – DeepLearning.AI (Coursera) – (2025) – Online - *Verify*

LANGUAGE SKILLS

Mother tongue(s): **PUSHTO**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	C2	C1	B1	B2	C1
URDU	C2	C1	C1	B2	C2

CONFERENCES AND SEMINARS

08/05/2024 University of Peshawer
National Conference on Emerging Trends in Artificial Intelligence (AI in Healthcare)

12/10/2024 University of Buner
Seminar on Cybersecurity & Data Privacy in AI Systems

10/03/2023 University of Buner
Seminar on Machine Learning Applications in Healthcare

HOBBIES AND INTERESTS

Programming and AI projects, exploring science, history, and culture, debating ideas, keeping up with news, outdoor activities like cricket, swimming, and hiking, caring for animals
