Maaz Kareem

Passport: CG4959141 | **Place of birth:** Buner | **Nationality:** Pakistani | **Phone number:** (+92) 3178326996 (Mobile) | **Email address:** maaz.kareem.ai@gmail.com | **LinkedIn:** www.linkedin.com/in/maazkareem-ai | **GitHub:** https://github.com/maazkareem-ai | **Whatsapp Messenger:** +92 317 8326996 | **Address:** 19290, Buner, Pakistan (Home)

ABOUT ME

Gold Medalist Computer Science undergraduate with hands-on experience in **Machine Learning and Natural Language Processing (NLP)**, and foundational knowledge of **Deep Learning**. Proven ability to build, evaluate, and improve ML models using real-world datasets. Actively seeking an **ML / DL internship** to strengthen deep learning skills and gain industry experience in AI-driven systems.

EDUCATION AND TRAINING

20/10/2021 – 08/11/2025 Pakistan

BS COMPUTER SCIENCE (BSCS) University of Buner

Core Relevant Subject: Machine Learning, Deep Learning, Ai, Data Structure, Algorithms, Programming, Software Engineering

Final grade CGPA 3.76/4 - Gold Medalist (First Position)

11/06/2018 – 30/04/2020

INTERMEDIATE IN PRE-MEDICAL (FSC)

Field of study Natural sciences | **Final grade** 86.90% - A1

01/04/2016 – 19/04/2018

SECONDARY SCHOOL CERTIFICATE (MATRIC)

Field of study Interdisciplinary science | **Final grade** 86.36% - A1

SKILLS

Programming and Tools

Python | C++ | Google Colab | Pandas | NumPy | Matplotlib | Seaborn | LightGBM | XGBoost | Scikit-learn | Git & Githubs | IDE: Visual Studio, Pycharm, Jupyter Notebook

Machine Learning and Ai

Supervised & Unsupervised Learning | Model Training | Evaluation & Optimization | Feature Engineering & Data Preprocessing

Deep Learning

Neural Networks | Feedforward & CNN Basics | TensorFlow | PyTorch | Keras

NLP

Text Cleaning | Tokenization | Lemmatization | TF-IDF | Bag-of-Words | Binary & Multi-Class Classification

PROJECTS

2024 – 2025

Academic Research Project – Sentiment Analysis for Mental Health

- Developed an end-to-end machine learning pipeline for mental health detection from social media text data.
- Achieved **94.14% F1-score in binary classification** and **77.65% macro F1-score in multi-class classification**.
- Implemented, tuned, and evaluated Logistic Regression, Support Vector Machine (SVM), Random Forest, and LightGBM models.

- Processed **52,681 text samples** from **Kaggle and Reddit** using NLP techniques including **TF-IDF** feature extraction and lemmatization.
- Assessed **cross-domain generalization** by training models on **Kaggle-based datasets** and evaluating performance on **unseen Reddit data**.

WORK EXPERIENCE

RESEARCH ASSISTANT (MACHINE LEARNING PROJECT) – UNIVERSITY OF BUNER – 08/2024 – 02/2025

Link : https://www.kaggle.com/code/maazkareem/mobile-price-prediction-with-ml

- Assisted in **mobile price prediction** using regression-based ML models.
- Achieved best results with **XGBoost ($R^2 \approx 92\%$)**.
- Experimented with ensemble models (**LightGBM, CatBoost**) and performance evaluation.
- Supported data preprocessing, feature selection, and result analysis.

PUBLICATIONS

Manuscript in Preparation

Maaz Kareem, Dr. Hameed Hussain. Sentiment Analysis for Mental Health Monitoring using Machine Learning Approaches. (2025)

CERTIFICATIONS AND PROFESSIONAL TRAINING

Certifications

- **Machine Learning** – Stanford University (Coursera)
- **Programming for Everybody (Python)** – University of Michigan (Coursera)
- **Deep Learning Specialization** – DeepLearning.AI (Coursera) - Continue
- **Diploma in Information Technology (DIT)** – KPK Board of Technical Education

ACHIEVEMENTS AND AWARDS

Gold Medalist (First Position) – BS Computer Science (2025)

Prime Minister Youth Laptop Scheme Awardee (Merit-Based)

I hereby declare that the information provided above is true and correct to the best of my knowledge and belief

Buner, Pakistan , 30/12/2025
